Hi PFAS team, we received OMB's passback on our House PFAS QFRs. (The other attached document is NIH testimony referenced in some suggested new text.) Please feel free to review the entire document but in the interest of time and efficiency I would like to request that your office *only respond to the questions that were flagged for you the first time around*:

OCSPP: Shimkus 2
ORD: Shimkus 6
OLEM: Shimkus 7, Shimkus 9, Shimkus 10, Tonko 1b
OW: all other questions

Please send me your responses by **COB this Friday 11/30**. OMB wants a redline and a clean version, so if there is a redline edit that you AGREE WITH, please leave the redline, and if appropriate/applicable, add/respond to a note in the sidebar. Please leave all reviewer notes in your response. I will compile the redline from all offices and prepare the clean version at the end.

Since I haven't received anyone's Senate PFAS QFR responses yet (was hoping to get those by noon today), perhaps the feedback here can inform those responses.

Thank you, and let me know if you have any questions or concerns,
Elizabeth
